

Upper Green Side has two great events coming up:

- Great East Side Tree Giveaway - Sunday, October 19th at the 92nd Street and First Avenue Greenmarket, Bette Midler's New York Restoration Project, Million Trees and Upper Green Side (we're the really small fry here) will be giving away 1,250 trees to individuals, community groups, community gardens, block associations... Any and everyone who has a place to plant a tree, is willing to transport it to that place and plant it. There'll be 19 varieties, and both shade and flowering trees. Think the size of the young "7 gallon" street trees the city plants. The average or large size granny cart - but definitely not the little ones - are a great way to get your tree to where you want it. If you want 5 or more trees, you'll need to have a group identity and email your request to Michael Crowley at mcrowley@nyrp.org. We don't want a single one of these 1,250 left unplanted!!
- UGS Electronics Recycling - Columbus Day Weekend (October 11th, 12th and 13th) at St. Catherine's Park, First Avenue between 67th Street, 10 am and 3 pm. Laptops, Desktops, Monitors, Printers, Scanners, Fax Machines, Copiers, Servers, Mainframes, Routers, Hubs, Modems, Keyboards, Mice, Cables, Hard Drives, CD-Roms, Circuit Boards, Power Supplies, TVs, VCRs, DVD Players, Audio Visual Devices, Radios, Stereos, Cell Phones, Pagers, PDAs, Household Batteries and More. We'll take them all!!

And on October 14th, our friends, the Carnegie Hill Neighbors, are having another recycling event at the Church of Heavenly Rest, 2 East 90th Street, between Fifth and Madison Avenues, 11 am to 7 pm.
